York Marriage Index

Preface

The Marriage Index covers the 23 Church of England Parishes in York, and York Minster.

The work is purely an index, and recourse should still be made to the Parish Register in order to discover any additional information recorded, such as occupation. Banns have been omitted.

There are two indexes; the first being indexed alphabetically by Surnames of Bridegrooms, and the second alphabetically by Surnames of Brides. The two indexes contain the same information.

This work was originally produced for the Society during the years 1986-1990, on microfiche, indexing only the Bridegrooms, for which thanks are due to the members of The City of York and District Family History Society, who have spent many hours transcribing the registers; to Dr. D. Smith, Director of the Borthwick Institute of Historical Research for help and loan of transcripts, and to Mr Maurice Smith, former Reference Librarian, York Central Library, for help and loan of published registers, and all coordinated by Miss J. Baxter.

Further thanks are due to Len & Mavis Nattrass, Judy Yelland, Joyce Lawson, Cathryn Bower, Fiona Dixon, Jocelyn Appleyard, Yvonne Clarke, Hazel Morrill, and Nichola Long, members of the Society, who have retyped this work in 2001, from the 1990 index. Also, to John Rouse, Dudley Clark and Steve Lawson for their help in coordinating the work.

Jan Wood. Projects Coordinator, CYDFHS 2001

Notes on Transcription

Surnames are given in the index exactly as spelt in the register. Some aliases and/or variants have been noted.
Hyphenated surnames have been recorded under the first part of the hyphenated name.
Surnames with separately written prefixes have been entered under the prefix.

Titles – Important titles only have been given, e.g. Sir, Rev, Capt.

Dates – Occasionally the date given in the Bishop's Transcripts has been at variance with the date in the register, in which case the register date has been transcribed.
